

Classroom Education Reimagined

THEIR FUTURE IS OUR FUTURE

Introducing the Covalent Learning Center Webinar

ABOUT OUR WEBINAR

We are on a mission to maximize, share and build strong learning bonds among the many students we encounter.

To learn more about Covalent Learning Center, be sure to register for our live webinar on **Thursday October 13th, 2022 from 7 pm to 8 pm EST** to learn more about how we can help your children to reach their goals and beyond. Remember, Their Future Is Our Future!

Who we are

- With the onset of the Pandemic, the world met with a new normal of education, making live educational sessions nearly inaccessible to some students. With such a gap created between educators and students, many questions and queries remained unanswered.

However, CovLC bridges this gap to create a holistic learning experience like no other. The Covalent Learning Center, an advanced online tutorial platform, strives to provide students, parents, teachers, and schools, with effective tutorial solutions covering local curricula and much more, at affordable prices.

With well-trained teachers maintaining high levels of professionalism and expertise, we help students become problem solvers and aspirational learners.

What do we have to offer?

- Online tutoring for English, Math, and Science from Std 3 (Grade 4) to Form 6 (Grade 12) for the local exams -ACT, PSAT, SAT, GRE, MCAT, and GMAT

Why choose us?

- Over a 100 years of teaching experience
- High degree of professionalism
- Recognize and promote exceptional performance
- Personalized flexible learning solutions at affordable prices
- Online tutoring for college students
- English as a second language
- CovLC Skills and Personal Development Program
